B-1021
Optional base fissaggio
con 4 viti
Optional fixing rose
Optional Grundrosette

Vetro Glass Glas	Morsetti Clamps Klemmbeschläge	Testato spinta Test side force Getestet Seitenkraft	Certificato Certificate Zertifikat
10+10 1.52 pvb	2	150 kg	100 kg = 1 kN/m

Le balaustre per rispettare la resistenza alla spinta devono essere fissate su cemento armato CLS.
Balustrades to comply with the side resistance must be fixed on reinforced concrete.
Um den Seitenkräften Widerstand entgegenzusetzen müssen die Balustraden auf Stahlbeton befestigt werden.
